# Explore Elizabeth

## Discover Downtown

Located on the Monogahela River, Elizabeth is a small town community ready to welcome you! Settled in 1787 and incorporated in 1934, Elizabeth is full of rich history as former hub for boatbuilding and coal mining. Take a walk along the Riverfront Park where legend has it that a boat used in the Lewis & Clark Corps of Discovery in 1803 was launched here. Today, you can enjoy the Mon River from two access points for fishing, canoeing, kayaking, and other recreational boating. Use caution among barges and the nearby lock and dam.

Visitors and locals alike are discovering Elizabeth's locally owned shops, services, and eateries. There's something for everyone from home decor, tasty sweets, local brews, and dining (from grab-n-go to casual sit-down options). Explore our walkable river town community and discover historic architecture, colorful murals, and lively events.

Extend your visit to Elizabeth with a trip to nearby Round Hill Exhibit Farm and Park or the Great Allegheny Passage trail. There's plenty to see and do around Elizabeth!
